#39 Williams County's Rank (based on cases per capita in 88 counties in Ohio)	809.4 – high incidence WC Cases Per Capita (new cases per 100,000 population over 2 weeks)	616.7 Ohio Cases Per Capita (new cases per 100,000 population over 2 weeks)	39.21% Completed COVID- 19 Vaccine Series	

- Ohioans aged 12-25 can enter to win an Ohio Vax-2-School scholarship.** (Source: Ohio Department of Health press release)
 - Beginning Monday, Oct. 4, Ohioans aged 12-25 can enter online at www.ohiovox2school.com or by phone at 1-833-4-ASK-ODH (1-833-427-5634) to win one of 150, \$10,000 scholarships, or one of five, \$100,000 grand prize scholarships. The scholarships can be used at the Ohio college, university, technical/trade school, or career program of the winner's choice.
 - Ohio Vax-2-School is an opt-in program, meaning that you must enter to be eligible for the prize drawings. Any Ohioan in the eligible age group, currently 12-25, with possible expansion from 5-25, can choose to enter, and are encouraged only to enter after having received at least one dose of the vaccine.
- Are you still deciding if you should get a COVID-19 vaccine?** WCHD would like to encourage those who still have questions or concerns about the COVID-19 vaccines to continue to consider the vaccine and to seek information about the vaccines from trusted sources. It is normal to have questions about the vaccines. Stay informed through credible resources so you can learn, understand, and decide. Use these resources for additional information about COVID-19 vaccines:
 - Questions & Answers About COVID-19 Vaccines - getvaccineanswers.org

- If you have an established healthcare provider, you can reach out to them about testing.
- If you complete an at home test and receive a positive result, contact your healthcare provider to report the positive result.
- While waiting for test results, please remain at home and limit close contact with others. If the result is positive, stay home and separate yourself from others. You can end isolation 10 days after your symptoms started or 10 days from the test date if you are not experiencing symptoms.
